

ByteSpeed offers two different Intel 4U server options:

The Intel/ByteSpeed Accel P4-12SP Tower Server is a great entry-level value solution for small businesses. This tower features a single processor, up to 64GB of RAM, up to 4 hot swappable 6GB/s hard drives, and dual 460W power supplies. This server comes with a dedicated Intel RAID Controller.

The Intel/ByteSpeed Serpent P4-26STQ Tower Server is an ideal solution for medium-sized to large businesses. Take full advantage of efficient performance with dual processor sockets and 16 DIMMs.

All ByteSpeed servers are backed by our excellent ByteSpeed 5-year warranty, next business day parts, and free lifetime tech support.

ByteSpeed has many 1U, 2U & 4U chassis' and other customization options that aren't included on our website. Please contact your sales rep for additional options, or call 877-553-0777.
